ALPHA MEDIA PinkNotes® Plus v4

Secure Business Instant Messaging Software

PinkNotes® Plus v4 is a fully integrated office instant messaging system for your local network, or over the Internet. It is a *fast*, reliable and secure way to send notes and files in real time. Plus, the software is fully customizable to fit any organization's needs for getting notes, files and messages from one user to another, instantly, or at a later date and time, once, or on a repeat basis.

Whether you want to send Instant Messages down the hall, or across the world, PinkNotes® Plus is the Easiest, Fastest, and most Efficient Office Messaging Software available, to deal with your real-world business requirements.

Are you looking for an IM solution to replace or augment your slow inter-office email system? Have you tried other Instant Messaging software and have not been satisfied? Do you always have pink "While You Were Out" or 'sticky' notes all over your desk and office? If so, then your business needs PinkNotes® Plus v4.

PinkNotes® Plus enables your office computer users to easily send messages from one computer to another instantly, WITHOUT SPAM, Viruses, Worms or annoying Pop-ups.

PinkNotes® Plus can easily solve all of your real-world communication problems, that you face every day. PNP will organize your office communications, and keep everyone in the office always up to date. You will never miss a phone message again because you were on the phone, or couldn't read or simply lost the note your receptionist put on your desk. Unlike all the other major (freebie) Instant Messaging programs, you do not need an Internet connection for PinkNotes® Plus to work.

Valuable Features in PNP v4

- Send an Instant Message that can popup on any computer in your office or other network PC.
- Send a PinkNote® at any specified date and time, once, or on a repeat basis.
- One click Quick Response, to easily reply to PinkNotes® with one click of the mouse.
- See real time status of all Users in your office (in color) whenever you create a new message.
- Keep a log of all messages that you send or receive, or Auto Email a Carbon Copy. This is critical for medical, brokerage, legal, military or financial offices, for goverment compliance including SEC Rules 17a-3 and 17a-4, HIPAA, Sarbanes Oxley (SOX), and the US D.O.D. 501 5.2 Standard.
- Auto Response: automatically responds to a message with a customized response.
- Do Not Disturb: lets other Users know that you do not want to be disturbed before they send you a PinkNote®.
- Auto Forward: have any PinkNote® automatically forwarded to another user.
- Attach Files to any PinkNotes®.
- Sounds can be played when you receive a Regular or Urgent PinkNote® (customizable).
- Customize Display: customize how you want your PinkNotes® display to appear on your screen.
- PinkNotes® will always be delivered, even if a User's computer is off. This is because all of the messages are sent through one computer designated as your PNP Master, and all messages will wait there until they can be delivered.
- PinkNotes® Plus runs in the "System Tray" to take up a minimal amount of space on your desktop, but still gives you easy access to all of its features.
- Eliminates annoying and costly Spam, Viruses and Worms found in company emails.
- Stops employees from chatting with friends and relatives, like those (freebie) IM programs that cost you big $$ due to lost productivity and wasted time.
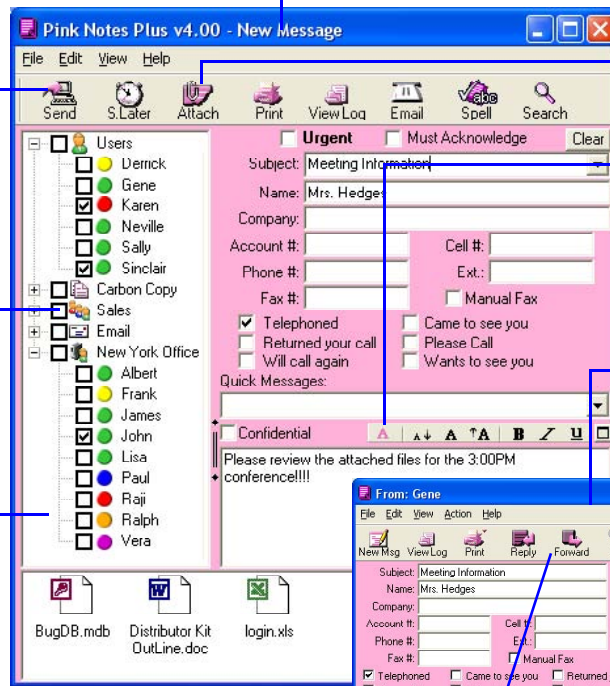

Now supports Wireless PDA's and other Wireless Devices
